Parent Education & Family Services

The Lowcountry's Premier Family Education Resource

Referral Process - DJJ

- Kingdom Parenting accepts clients into services based on Referral. We are a Referral-Only agency and when a referral is made for services, we do ask that a brief Social Summary, Court Order, or CIS (if it is a court case) as well as a complete Criminal History (if applicable) is forwarded to us as part of the referral process.
- A brief email will suffice for the Social Summary. As long as the email includes a summary of the incident that led to DJJ Involvement, DJJ recommendations for the client and any additional areas of concern, it is acceptable.
- After receiving the referral information, an Eligibility Review is conducted to highlight any areas of concern, and to determine the acceptance, or rejection of the referral.
- After the Eligibility Review is completed and the client is cleared for services, **The client is required to contact our office to initiate their portion of services.** This allows us to assess client-readiness.
- The Officer is contacted to be informed about the client's status in services, start date, etc.
- The Referral/Email should indicate whether, or not DJJ is going to fund the services for the client, or if the client is totally responsible for paying for all of their services. We DO offer a payment plan for those clients who need/request it in the event they are required to pay for their services. We DO NOT bill Insurance, or Medicaid.
- Our services range from General Parenting classes to Intensive In-Home services being our highest level of care. We work very closely with the referral source to address concerns and incorporate solutions.
- Our Certified Services are both DSS and Family Court Approved for both the **English AND Spanish-Speaking population.**
- Please visit our website at www.KingdomParenting.com for a comprehensive view of our services.
- Please submit referrals to KingdomParenting@yahoo.com .

Thank You!
